Invensys Skelta Named Microsoft 2010 Partner of the Year Finalist

-- Company among top in Information Worker Solutions, Office Business Application category --

JUNE 30, 2010/PLANO, TEXAS - Invensys Operations Management, a global provider of technology systems, software solutions and consulting services to the manufacturing and infrastructure operations industries, today announced that Invensys Skelta has been selected a 2010 Microsoft Partner of the Year Awards Finalist in the Information Worker Solutions, Office Business Application category.

According to Microsoft, the Partner of the Year Awards will be presented in a number of categories, with winners and finalists chosen from a pool of almost 3,000 entrants worldwide. The Information Worker Solutions, Office Business Application Partner of the Year Award recognises partners who have excelled in offering a breakthrough solution by integrating with the Office client or an Office SharePoint interface to a line-of-business application. The award recognises Invensys Skelta for helping its customers connect people, applications and partners while delivering excellent total cost of ownership. Invensys Skelta has uniquely and positively affected its customers' business challenges through its expertise in the Information Worker Solutions competency.

"I congratulate Invensys Skelta on this fantastic accolade. It acknowledges long-standing commitment to providing business process management and advanced workflow solutions—built on common, easy-to-use Microsoft technologies—that help our clients achieve productivity excellence," said Sudipta Bhattacharya, president and chief executive officer, Invensys Operations Management. "Integrating our Invensys Skelta solutions with Microsoft Office, SharePoint and other Microsoft programs allows us to extend our open Wonderware® System Platform and InFusion™ Enterprise Control System offerings."

"Congratulations to the 2010 Partner Award finalists for delivering such creative and superior Microsoft solutions and services," said Allison Watson, corporate vice president, Worldwide Partner Group, Microsoft Corp. "It's

incredible to see the level of expertise our partners continue to exhibit as they create and deliver innovative solutions and services to grow their businesses, meet customer needs and drive down costs.”

Sanjay Shah, managing director, Invensys Skelta, said, "We are extremely pleased to have been selected a finalist for the 2010 Microsoft Partner of the Year awards, and the fact that we were chosen from more than 3,000 candidates is an additional honour."

About Invensys Operations Management

Invensys Operations Management, a division of Invensys, is a leading provider of automation and information technology, systems, software solutions, services and consulting to the global manufacturing and infrastructure industries. Headquartered in Plano, Texas, its solutions are used by more than 40,000 clients around the world in more than 200,000 plants and facilities.

Invensys Operations Management's offerings are delivered under several prominent industry brands, including Avantis, Eurotherm, Foxboro, IMServ, InFusion, SimSci-Esscor, Skelta, Triconex and Wonderware. The company's approximately 9,000 employees and its global partner ecosystem integrate these products and services to help clients collaborate across systems and enterprises in real time, extracting critical data to make faster, better decisions and synchronise their operations from the plant floor to the executive offices, aligning production goals with business objectives.
